WHY ARE WE MINHT HANDED?

Courte Exploration of Psychologist Causes Much Merrimons Among Berne Medical Men.

The most recent explanation of right handedness by a pay (hologist, is exciting some marriment among neglect men He supposes the human hady to take unexplained polar properties. inegical mea. He supposes the human hedy to have unexplained polar properties and manufacty to have unexplained polar properties and the left expative. The next rational explanation would recent to be that which accounts for right and left handedness to the position of the heart. The which could instructly he held he held; I not be right and it would fall to the right and these who maintain to the right hand. These who maintain to the right hand. These who maintain the temperate who maintain the report of individual choice but these who held the shield were at first a minter of individual choice but them the positions of spars and shield were at first a minter of individual choice for the right hand leading the heart opposed, were the work of the heart opposed, were indicated that the market shield so that by natural selection the right hand spars indicates attimately survived and propagated that peculiarity. In this case let will be noticed the theoried characteristic ta not acquired, but existed the warrior at hirth. The difference may not seem worth quarreling about, but it measures the whole disconsible, whereas talk about "polarity" would appear to in mostly verhiage.
